

Datasheet: OBT0915

Description:	RECOMBINANT HEPATITIS B SURFACE ANTIGEN AY
Name:	HEPATITIS B SURFACE ANTIGEN AY
Other names:	HBsAg
Format:	Rec. Protein
Product Type:	Recombinant Protein
Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			
Western Blotting	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Viral
Product Form	Recombinant Protein - liquid
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	None present
Approx. Protein Concentrations	1.0 mg/ml

Product Information **Recombinant Hepatitis surface antigen** preparation is a recombinant surface antigen, AY subtype of the Hepatitis B virus. It is produced using a *Saccharomyces cerevisiae* expression system.

Four major serotypes of the hepatitis B virus are identified according to variability of the surface antigen, defined by a common 'a' determinant and mutually exclusive determinant pairs 'd/y' and 'w/r'. Hence, the subtypes are adw,adr, ayw and ayr. Further subdivision of

these major subtypes has identified additional minor subtypes of the virus ([Magnius & Norder 1995](#)).

Protein Molecular Weight

24 kDa

Purity

~95% by SDS PAGE

ELISA

OBT0915 may be used in a sandwich ELISA as a standard with [4940-1404](#) as a capture antibody and [4940-1484](#) as a detection antibody.

Storage

Store at +4°C. DO NOT FREEZE.

This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation before use.

Guarantee

12 months from date of despatch
