Datasheet: PHP050

BATCH NUMBER 152893

Product Details

### Description:
RECOMBINANT HUMAN INTERFERON GAMMA

### Name:
IFN GAMMA

### Other names:
INTERFERON GAMMA

### Format:
Rec. Protein

### Product Type:
Recombinant Protein

### Quantity:
0.1 mg

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

Where this protein has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the reagent for use in their own system using appropriate positive/negative controls.

### Target Species
Human

### Product Form
Recombinant protein produced in *E. coli* - lyophilized.

### Reconstitution
Reconstitute with 0.1 ml distilled water

Care should be taken during reconstitution as the protein may appear as a film at the bottom of the vial. Bio-Rad recommend that the vial is gently mixed after reconstitution.

### Buffer Solution
Phosphate buffered saline

### Preservative Stabilisers
None present

### Carrier Free
Yes

### Endotoxin Level
< 0.1 ng/ug
## Approx. Protein Concentrations
Total protein concentration 1.0 mg/ml after reconstitution

## Product Information
IFN-gamma is a lymphoid factor with anti viral activity and macrophage and NK cell stimulating properties.

## Protein Molecular Weight
16.7kD (143 Amino Acid Sequence)

## Activity
> 2 x 10^7 units/mg

## Purity
> 98% by SDS PAGE and HPLC

## ELISA
PHP050 may be used in ELISA applications with either AHP775 or AHP775B.

## Western Blotting
PHP050 may be used under reducing or non-reducing western blotting conditions with either AHP775 or AHP775B.

## References

## Storage
Prior to reconstitution store at -20°C. Following reconstitution store at -20°C.

This product should be stored undiluted.

Storage in frost-free freezers is not recommended. Avoid repeated freezing and thawing as this may denature the protein. Should this product contain a precipitate we recommend microcentrifugation before use.

## Guarantee
Guaranteed for 3 months from the date of reconstitution or until the date of expiry, whichever comes first. Please see label for expiry date.

## Health And Safety
