

Datasheet: PHP279 BATCH NUMBER 153083

Description:	NATIVE HUMAN FACTOR H		
Name:	FACTOR H		
Other names:	COMPLEMENT FACTOR H		
Format:	Purified		
Product Type:	Purified Protein		
Quantity:	0.25 ml		

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Functional Assays				

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Human		
Product Form	Purified from human serum - liquid		
Buffer Solution	Phosphate buffered saline		
Preservative Stabilisers	None present		
Approx. Protein Concentrations	Total protein concentration 1.04 mg/ml		
External Database Links	UniProt: P08603 Related reagents		
	Entrez Gene: 3075 CFH Related reagents
