

Datasheet: PIP041 BATCH NUMBER 147491

Description:	RECOMBINANT STREPTOLYSIN-O
Name:	STREPTOLYSIN-O
Other names:	SLO
Format:	Rec. Protein
Product Type:	Recombinant Protein
Quantity:	1 mg

Product Details

Applications	This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <u>www.bio-rad-antibodies.com/protocols</u> .						
		Yes	No	Not Determined	Suggested Dilution		
	ELISA	•					
	Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.						
Target Species	Bacterial						
Product Form	Recombinant purified Stre	eptolysin	O - liquid				
Preparation	Recombinant Streptolysin O from transformed <i>Escherichia coli</i> . The preparation was purified by metal affinity chromatography.						
Buffer Solution	TRIS buffered saline						
Preservative Stabilisers	None present						
Approx. Protein Concentrations	Total protein concentratio	n 2.91 mg	g∕ml.				
Product Information	Streptolysin O is a sulfhyo streptococci. It is an oxyg cells, particularly white an cholesterol, where it polyr	en-labile nd red blo	hemolytic od cells. It	enzyme capable of ca does so by binding to	ausing lysis in animal o membrane		

Storage in frost-free freezers is not recommended. This product should be stored undiluted. Avoid repeated freezing and thawing as thi denature the protein. Guarantee Guaranteed until date of expiry. Please see product label.
