

Datasheet: PMP24 BATCH NUMBER 147104

Description:	RECOMBINANT MOUSE TNF ALPHA
Name:	TNF ALPHA
Format:	Rec. Protein
Product Type:	Recombinant Protein
Quantity:	20 μg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	•			0.2 - 0.4ng/well
Western Blotting	•			1.5 - 3.0ng/lane
Functional Assays	•			0.05ng/ml - 20ng/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Mouse	
Product Form	Purified protein produced in E. coli - lyophilized	
Reconstitution	Reconstitute with 0.2 ml distilled water. For extended storage recommended. Care should be taken during reconstitution as film at the bottom of the vial. Bio-Rad recommend that the via reconstitution.	the protein may appear as a
Buffer Solution	10mM Sodium Phosphate	
Preservative Stabilisers	None present	
Carrier Free	Yes	
Endotoxin Level	< 0.1 ng/ug	

Approx. Protein Concentrations	0.1 mg/ml after reconstitution
External Database Links	UniProt: P06804 Related reagents Entrez Gene: 21926 Tnf Related reagents
Synonyms	Tnfa, Tnfsf2
Product Information	Tumor necrosis factor alpha (TNF α) is a potent lymphoid factor which exerts cytotoxic effects on a wide range of tumor cells and certain other target cells.
Protein Molecular Weight	17.3 kDa (156 amino acid residues)
Activity	1 x 10 ⁷ units/mg
Purity	>98% by SDS PAGE and HPLC analysis
ELISA	Recombinant mouse TNF α may be used as the standard for ELISA applications with anti-Mouse TNF α (purified) (AAM19GA).
Western Blotting	Recombinant mouse TNFα may be used as the positive control for western blotting
	applications with anti-Mouse TNFα (AAM19GA).
