

Datasheet: PPP029

**BATCH NUMBER 153017**

<b>Description:</b>	RECOMBINANT PIG TNF ALPHA
<b>Name:</b>	TNF ALPHA
<b>Other names:</b>	TNFSF2
<b>Format:</b>	Rec. Protein
<b>Product Type:</b>	Recombinant Protein
<b>Quantity:</b>	5 µg

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			
Western Blotting	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

<b>Target Species</b>	Pig
<b>Product Form</b>	Purified recombinant protein - lyophilized
<b>Reconstitution</b>	Reconstitute with 20 µl sterile PBS containing 0.1% carrier protein Care should be taken during reconstitution as the protein may appear as a film at the bottom of the vial. Bio-Rad recommend that the vial is gently mixed after reconstitution.
<b>Preparation</b>	Recombinant protein expressed in <i>Pichia pastoris</i> and purified by ion-exchange chromatography
<b>Buffer Solution</b>	Phosphate buffered saline
<b>Preservative Stabilisers</b>	10% Trehalose
<b>External Database Links</b>	<b>UniProt:</b>

**Entrez Gene:**

[397086](#)   TNF   [Related reagents](#)

---

**Synonyms**      TNFA, TNFSF2

---

**Product Information**      **Recombinant Pig tumor necrosis factor alpha** (TNF alpha), also known as tumor necrosis factor ligand superfamily member 2 (TNFSF2), corresponds to aa 77-232 of native pig TNF alpha. This recombinant protein is produced in yeast cells and is naturally folded and post translationally modified.

Pig TNF alpha is produced by a range of cells, including macrophages, monocytes, T and B lymphocytes and is an important mediator of the porcine inflammatory response.

This product may be used as a standard in immunoassays.

---

**Protein Molecular Weight**      16.9 kDa

---

**Purity**      >95% by SDS PAGE analysis

---

**ELISA**      This reagent may be used as a standard in a sandwich ELISA assay in conjunction with [AHP2397](#) as a coating antibody and [AHP2397B](#) as a detection antibody.

---

**Storage**      Prior to reconstitution store at -20°C.  
After reconstitution store at -20°C.  
Storage in frost-free freezers is not recommended. This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the protein.

---

**Guarantee**      12 months from date of despatch

---

**Health And Safety Information**      Material Safety Datasheet documentation #10591 available at:  
<https://www.bio-rad-antibodies.com/SDS/PPP02910591>

---

**Regulatory**      For research purposes only
