## Datasheet: PRABP012 BATCH NUMBER 153961

| Description:  | RECOMBINANT RABBIT INTERLEUKIN-2 |
|---------------|----------------------------------|
| Name:         | IL-2                             |
| Format:       | Rec. Protein                     |
| Product Type: | Recombinant Protein              |
| Quantity:     | 5 µg                             |

## **Product Details**

| Applications                | This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <u>www.bio-rad-antibodies.com/protocols</u> . |                    |             |  |                       |  |  |
|-----------------------------|--|--------------------|-------------|--|-----------------------|--|--|
|                             | rad-antibodies.co  | Yes                | No          | Not Determined   | Suggested Dilution    |  |  |
|                             | ELISA  | •                  | NO          | Not Determined   | ouggested Dilution    |  |  |
|                             | Western Blotting   | •                  |             |  |                       |  |  |
|                             | Where this produ   | ct has not been t  | ested for   | use in a particular tech   | nnique this does not  |  |  |
|                             | necessarily exclude its use in such procedures. Suggested working dilutions are given as   |                    |             |  |                       |  |  |
|                             | a guide only. It is recommended that the user titrates the product for use in their own  |                    |             |  |                       |  |  |
|                             | system using appropriate negative/positive controls.   |                    |             |  |                       |  |  |
| Target Species              | Rabbit   |                    |             |  |                       |  |  |
| Product Form                | Purified recombin  | ant protein - lyop | hilized     |  |                       |  |  |
| Reconstitution              | Care should be ta  | aken during recor  | nstitution  | ng 0.1% carrier protein<br>as the protein may app<br>t the vial is gently mixe | pear as a film at the |  |  |
| Preparation                 | Recombinant pro<br>chromatography  | tein expressed in  | n Pichia pa | astoris and purified by  | ion-exchange          |  |  |

|--|---------------|--|--|--|--|
| <b>Recombinant Rabbit Interleukin-2 (IL-2)</b> is a recombinant protein corresponding to aa 21-153 of native rabbit IL-2.  |               |  |  |  |  |
| an essential innate immune modulator produced by T cells in<br>itogenic stimulation. IL-2 can stimulate B cells, monocytes, N<br>is required for T cell proliferation and regulation of the immu | NK cells, and |  |  |  |  |
|  |               |  |  |  |  |
| PAGE analysis  |               |  |  |  |  |
| This reagent may be used as a standard in a sandwich ELISA assay in conjunction with <u>AHP2827</u> as a coating antibody and <u>AHP2827B</u> as a detection antibody.                           |               |  |  |  |  |
| Prior to reconstitution store at -20°C.<br>After reconstitution store at -20°C.  |               |  |  |  |  |
| t-free freezers is not recommended. This product should be   | stored        |  |  |  |  |
| n date of despatch   |               |  |  |  |  |
