

Datasheet: STAR126A

BATCH NUMBER 147608

| Description:  | GOAT ANTI HUMAN IgG F(ab')2:Alk. Phos |  |  |
|---------------|---------------------------------------|--|--|
| Specificity:  | IgG F(ab')2                           |  |  |
| Format:       | Alk. Phos.                            |  |  |
| Product Type: | Polyclonal Antibody                   |  |  |
| Isotype:      | Polyclonal IgG                        |  |  |
| Quantity:     | 0.5 ml                                |  |  |

## **Product Details**

## **Applications**

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <a href="www.bio-rad-antibodies.com/protocols">www.bio-rad-antibodies.com/protocols</a>.

|                  | Yes | No | Not Determined | Suggested Dilution |
|------------------|-----|----|----------------|--------------------|
| ELISA            | •   |    |                | 1/1000 - 1/10000   |
| Western Blotting | •   |    |                | 1/1000 - 1/10000   |

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

| Target Species                 | Human   |
|--------------------------------|---|
| Product Form                   | Purified Ig conjugated to Alkaline Phosphatase - liquid |
| Preparation                    | Purified Ig prepared by affinity chromatography         |
| Buffer Solution                | TRIS buffered saline                                    |
| Preservative<br>Stabilisers    | 0.05% Sodium Azide (NaN <sub>3</sub> )                  |
| Otabilisers                    | 1.5% Bovine Serum Albumin                               |
| Approx. Protein Concentrations | IgG concentration 0.6mg/ml                              |
| Immunogen                      | Human IgG F(ab')2                                       |
| External Database<br>Links     | UniProt:  |

|                                  | 28815 IGLV2-14 Related reagents   |  |  |  |  |
|                                  |   |  |  |  |  |
| RRID                             | AB_1605086  |  |  |  |  |
| Specificity                      | <b>Goat anti Human IgG F(ab')2 antibody</b> recognizes Fab and F(ab')2 portion of human IgG by IEP. It reacts with other human immunoglobulins through common light chain reactivity.   |  |  |  |  |
|                                  | Goat anti Human IgG F(ab')2 antibody demonstrates minimal cross reactivity with bovine, horse and mouse IgG; other species have not been tested.  No reactivity is seen with the Fc portion of human IgG or non-immunoglobulin serum proteins.  |  |  |  |  |
|                                  | This antibody is a performance tested, matched reagent for use with Bio-Rad HuCAL antibodies.   |  |  |  |  |

| Storage                          | Store at +4°C or at -20°C if preferred.  Storage in frost-free freezers is not recommended.  This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.   |  |  |  |  |
| Guarantee                        | 12 months from date of despatch   |  |  |  |  |
