

Datasheet: VMA00290

BATCH NUMBER 151105

Description:	MOUSE ANTI LYSINE-SPECIFIC DEMETHYLASE 3A
Specificity:	LYSINE-SPECIFIC DEMETHYLASE 3A
Format:	Purified
Product Type:	PrecisionAb Monoclonal
Isotype:	IgG1
Quantity:	100 µl

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			1/1000

The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click [here](#) to learn how we validate our PrecisionAb range. Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

Target Species	Human
Product Form	Purified IgG - liquid
Preparation	Mouse monoclonal antibody prepared by affinity chromatography on Protein G from ascites
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Immunogen	Purified recombinant fragment of human lysine-specific demethylase 3A expressed in <i>E. coli</i>
External Database Links	UniProt:

Entrez Gene:

[55818](#) KDM3A [Related reagents](#)

Synonyms	JHDM2A, JMJD1, JMJD1A, KIAA0742, TSGA
-----------------	---------------------------------------

Specificity	<p>Mouse anti Human lysine-specific demethylase 3A antibody recognizes lysine-specific demethylase 3A, also known as jmjC domain-containing histone demethylation protein 2A, jumonji C domain-containing histone demethylase 2A, jumonji domain containing 1, jumonji domain containing 1A and testis-specific protein A.</p> <p>Encoded by the KDM3A gene, lysine-specific demethylase 3A is a zinc finger protein that contains a jumonji domain and may play a role in hormone-dependent transcriptional activation. Alternative splicing results in multiple transcript variants. (provided by RefSeq, Apr 2009).</p> <p>Mouse anti Human lysine-specific demethylase 3A antibody detects a band of 150 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.</p>
--------------------	---

Western Blotting	Anti lysine-specific demethylase 3A detects a band of approximately 150 kDa in Jurkat cell lysates
-------------------------	--

Storage	Store undiluted at -20°C, avoiding repeated freeze thaw cycles.
----------------	---

Guarantee	12 months from date of despatch
------------------	---------------------------------

Acknowledgements	PrecisionAb is a trademark of Bio-Rad Laboratories.
-------------------------	---

Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/VMA00290 Antibody (10040)
--------------------------------------	--

Regulatory	For research purposes only
-------------------	----------------------------
