

Datasheet: VMA00540

Description:	MOUSE ANTI COMPLEMENT C3
Specificity:	COMPLEMENT C3
Format:	Purified
Product Type:	PrecisionAb Monoclonal
Clone:	AB03/3G11
Isotype:	IgG1
Quantity:	100 µl

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			1/1000

The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click [here](#) to learn how we validate our PrecisionAb range. Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

Target Species	Human
Species Cross Reactivity	Reacts with: Rat N.B. Antibody reactivity and working conditions may vary between species.
Product Form	Purified IgG - liquid
Preparation	Mouse monoclonal antibody purified by affinity chromatography on Protein G from tissue culture supernatant
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Immunogen	<i>E. coli</i> -derived recombinant human complement C3 (amino acids 1200 - 1663)
External Database Links	UniProt: P01024 Related reagents Entrez Gene:

Synonyms	CPAMD1
-----------------	--------

Specificity	<p>Mouse anti Human complement C3 antibody recognizes the complement C3, also known as C3 and PZP-like alpha-2-macroglobulin domain-containing protein 1, C3a anaphylatoxin, acylation-stimulating protein cleavage product, ASP or epididymis secretory sperm binding protein Li 62p.</p> <p>Complement component C3 plays a central role in the activation of complement system. Its activation is required for both classical and alternative complement activation pathways. People with C3 deficiency are susceptible to bacterial infection (provided by RefSeq, Feb 2009).</p> <p>Mouse anti Human complement C3 antibody detects bands of 115 and 68 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.</p>
--------------------	---

Western Blotting	Anti complement C3 detects band of approximately 68 kDa in C6 cell lysates
-------------------------	--

Storage	Store undiluted at -20°C, avoiding repeated freeze thaw cycles.
----------------	---

Guarantee	12 months from date of despatch
------------------	---------------------------------

Acknowledgements	PrecisionAb is a trademark of Bio-Rad Laboratories.
-------------------------	---

Health And Safety Information	Material Safety Datasheet documentation #10040 available at: Antibody (10040): https://www.bio-rad-antibodies.com/uploads/MSDS/10040.pdf
--------------------------------------	---

Regulatory	For research purposes only
-------------------	----------------------------
