

Datasheet: VMA00543

BATCH NUMBER 170420

| | |
|----------------------|------------------------|
| Description: | MOUSE ANTI DDX3X |
| Specificity: | DDX3X |
| Format: | Purified |
| Product Type: | PrecisionAb Monoclonal |
| Clone: | AB04/4C5 |
| Isotype: | IgG2b |
| Quantity: | 100 µl |

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

| | Yes | No | Not Determined | Suggested Dilution |
|---------------------|-----|----|----------------|--------------------|
| Immunoprecipitation | ▪ | | | |
| Western Blotting | ▪ | | | 1/1000 |

The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click [here](#) to learn how we validate our PrecisionAb range. Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

Target Species

Human

Species Cross Reactivity

Reacts with: Mouse, Rat

N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

Product Form

Purified IgG - liquid

Preparation

Mouse monoclonal antibody purified by affinity chromatography on Protein G from tissue culture supernatant

Buffer Solution

Phosphate buffered saline

| | |
|---------------------------------------|---|
| Preservative Stabilisers | 0.09% Sodium Azide (NaN ₃) |
| Approx. Protein Concentrations | IgG concentration 1.0 mg/ml |
| Immunogen | <i>E. coli</i> -derived recombinant human DDX3X (amino acids 1 - 200) |
| External Database Links | <p>UniProt: O00571 Related reagents</p> <p>Entrez Gene: 1654 DDX3X Related reagents</p> |
| Synonyms | DBX, DDX3 |
| Specificity | <p>Mouse anti Human DDX3X antibody recognizes the ATP-dependent RNA helicase DDX3X, also known as DEAD (Asp-Glu-Ala-Asp) box polypeptide 3, X-linked, DEAD box protein 3, DEAD/H box-3 or helicase-like protein 2.</p> <p>DEAD box proteins, characterized by the conserved motif Asp-Glu-Ala-Asp (DEAD), are putative RNA helicases. They are implicated in a number of cellular processes involving alteration of RNA secondary structure such as translation initiation, nuclear and mitochondrial splicing, and ribosome and spliceosome assembly. Based on their distribution patterns, some members of this family are believed to be involved in embryogenesis, spermatogenesis, and cellular growth and division. DDX3X gene encodes a DEAD box protein, which interacts specifically with hepatitis C virus core protein resulting a change in intracellular location. DDX3X has a homolog located in the nonrecombining region of the Y chromosome. The protein sequence is 91% identical between DDX3X and the Y-linked homolog. Alternative splicing results in multiple transcript variants (provided by RefSeq, Jul 2010).</p> <p>Mouse anti Human DDX3X antibody detects a band of 75 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.</p> |
| Western Blotting | Anti DDX3X detects a band of approximately 75 kDa in HeLa cell lysates |
| Storage | Store undiluted at -20°C, avoiding repeated freeze thaw cycles. |
| Guarantee | 12 months from date of despatch |
| Acknowledgements | PrecisionAb is a trademark of Bio-Rad Laboratories. |
| Health And Safety Information | Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/VMA00543 Antibody (10040) |
| Regulatory | For research purposes only |
