

Datasheet: VMA00588 BATCH NUMBER 161202

Description:	MOUSE ANTI PPP2CA
Specificity:	PPP2CA
Format:	Purified
Product Type:	PrecisionAb Monoclonal
Isotype:	lgG1
Quantity:	100 µl

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	•			1/1000

The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click here to learn how we validate our PrecisionAb range. Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

Target Species	Human	
Species Cross Reactivity	Reacts with: Mouse, Rat N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications of personal communications from the originators. Please refer to references indicated further information.	
Product Form	Purified IgG - liquid	
Preparation	Mouse monoclonal antibody purified by affinity chromatography on Protein G from ascites	
Buffer Solution	HEPES buffered saline	
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃) 1% Bovine Serum Albumin	

Immunogen	Synthetic Peptide of human PPP2CA
External Database Links	UniProt:

Entrez Gene:

P67775

5515 PPP2CA Related reagents

Specificity

Mouse anti Human PPP2CA antibody recognizes the serine/threonine-protein phosphatase 2A catalytic subunit alpha isoform, also known as PP2A-alpha, protein phosphatase 2A catalytic subunit, alpha isoform or replication protein C.

PPP2CA gene encodes the phosphatase 2A catalytic subunit. Protein phosphatase 2A is one of the four major Ser/Thr phosphatases, and it is implicated in the negative control of cell growth and division. It consists of a common heteromeric core enzyme, which is composed of a catalytic subunit and a constant regulatory subunit, that associates with a variety of regulatory subunits. PPP2CA gene encodes an alpha isoform of the catalytic subunit (provided by RefSeq, Jul 2008).

Mouse anti Human PPP2CA antibody detects a band of 36 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.

Western Blotting	Anti PPP2CA detects a band of approximately 36 kDa in HEK293 cell lysates
Storage	Store undiluted at -20°C, avoiding repeated freeze thaw cycles.
Guarantee	12 months from date of despatch
Acknowledgements	PrecisionAb is a trademark of Bio-Rad Laboratories.
Health And Safety Information	Material Safety Datasheet documentation #20359 available at: https://www.bio-rad-antibodies.com/SDS/VMA00588 Antibody (20359)
Regulatory	For research purposes only
