

Datasheet: VPA00059

BATCH NUMBER 230914

Description:	GOAT ANTI GRP94
Specificity:	GRP94
Format:	Purified
Product Type:	PrecisionAb Polyclonal
Isotype:	Polyclonal IgG
Quantity:	100 µl

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			1/1000

The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click [here](#) to learn how we validate our PrecisionAb range. Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

Target Species

Human

Species Cross Reactivity

Reacts with: Mouse, Rat

N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

Product Form

Purified IgG - liquid

Preparation

Goat polyclonal antibody purified by affinity chromatography

Buffer Solution

TRIS buffered saline

Preservative Stabilisers

0.02% Sodium Azide (NaN₃)
0.5% Bovine Serum Albumin

Immunogen Peptide with sequence C-KEGVKFDSEKTKE from the internal region of the protein sequence.

Synonyms GRP94, TRA1

Specificity **Goat anti Human GRP94 antibody** recognizes GRP94 a 94 kDa glucose regulated protein (GRP94), also known as tumor rejection antigen 1 (TRA1), heat shock protein 90 kDa beta member 1 (HSP90B1) and endoplasmic reticulum resident molecular chaperone, which is a paralog of cytoplasmic hsp90. GRP94 assists in the folding of membrane-bound proteins including the toll-like receptors, certain subclasses of integrins and some secreted proteins such as IgG.

Goat anti Human GRP94 detects GRP94 as a band of 100 kDa in a wide range of human cell line lysates tested. Cross reactivity with rodent cell lines is also observed.

Western Blotting Goat anti GRP94 detects a band of approximately 100 kDa in MCF7 cell lysates.

Storage Store undiluted at -20°C, avoiding repeated freeze thaw cycles.

Guarantee 12 months from date of despatch
