

Datasheet: VPA00087

**BATCH NUMBER 211014**

<b>Description:</b>	RABBIT ANTI Smac/DIABLO
<b>Specificity:</b>	SMAC/DIABLO
<b>Format:</b>	Purified
<b>Product Type:</b>	PrecisionAb Polyclonal
<b>Isotype:</b>	Polyclonal IgG
<b>Quantity:</b>	100 µl

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			1/1000

**The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click [here](#) to learn how we validate our PrecisionAb range.** Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

### Target Species

Human

### Species Cross Reactivity

Reacts with: Mouse, Rat

**N.B.** Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

### Product Form

Purified IgG - liquid

### Preparation

Rabbit polyclonal antibody purified by affinity chromatography

### Buffer Solution

Phosphate buffered saline

### Preservative Stabilisers

0.09% Sodium Azide (NaN<sub>3</sub>)

**Immunogen** Synthetic peptide corresponding to amino acids 225-239 of human Smac.

**Synonyms**

SMAC

---

**Specificity**

**Rabbit anti Human Smac/DIABLO antibody** recognizes human second mitochondria-derived activator of caspase (Smac), otherwise known as direct IAP-binding protein with low pI (DIABLO) or diablo homolog, mitochondrial. Smac is expressed in a variety of tissues and has been identified as a negative regulator of X-linked inhibitor of apoptosis (XIAP), a member of the IAP (inhibitors of apoptosis proteins) family which blocks cell death by caspase inhibition.

Rabbit anti Human Smac/DIABLO antibody detects Smac as a single band of 21 kDa in a wide range of human cell line lysates. Cross reactivity with rodent cell lines is also observed.

---

**Western Blotting**

Rabbit anti Smac detects a band of approximately 21 kDa in Jurkat cell lysates.

---

**Storage**

Store undiluted at -20°C, avoiding repeated freeze thaw cycles.

---

**Guarantee**

12 months from date of despatch

---

**Acknowledgements**

PrecisionAb is a trademark of Bio-Rad Laboratories.

---

**Health And Safety Information**

Material Safety Datasheet documentation #10040 available at: <https://www.bio-rad-antibodies.com/SDS/VPA00087>  
Antibody (10040)

---

**Regulatory**

For research purposes only
