

## Datasheet: VPA00266 BATCH NUMBER 160415

Description:	RABBIT ANTI FATTY ACID SYNTHASE
Specificity:	FATTY ACID SYNTHASE
Format:	Purified
Product Type:	PrecisionAb Polyclonal
Isotype:	Polyclonal IgG
Quantity:	100 µl

## **Product Details**

Applications	This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <u>www.bio-rad-antibodies.com/protocols</u> .

Target Species	Human						
Product Form	lg fraction - liquid						
Preparation	Rabbit Ig fraction prepared by ammonium sulphate precipitation						
Buffer Solution	Phosphate buffered saline						
Preservative Stabilisers	0.09% Sodium Azide (NaN <sub>3</sub> )						
Approx. Protein Concentrations	Ig concentration 0.5 mg/	ml					
Immunogen	KLH-conjugated synthet	ic peptide	correspo	nding to aa 942-973 of	human fatty acid		

External Database Links	UniProt: <u>P49327</u> <u>Related reagents</u>						
	Entrez Gene:						
	2194 FASN Related reagents						
Synonyms	FAS						
Specificity	<b>Rabbit anti Human fatty acid synthase antibody</b> recognizes fatty acid synthase, also known as FASN, FAS and short chain dehydrogenase/reductase family 27X, member 1.						
	The enzyme encoded by the fatty acid synthase gene is a multifunctional protein. Its main function is to catalyze the synthesis of palmitate from acetyl-CoA and malonyl-CoA, in the presence of NADPH, into long-chain saturated fatty acids. In some cancer cell lines, this protein has been found to be fused with estrogen receptor-alpha (ER-alpha), in which the N-terminus of FAS is fused in-frame with the C-terminus of ER-alpha (provided by RefSeq, Jul 2008).						
	Rabbit anti Human fatty acid synthase antibody detects a band of 273 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.						
Western Blotting	Anti fatty acid synthase detects a band of approximately 273 kDa in Raji cell lysate						
Storage	Store undiluted at -20°C, avoiding repeated freeze thaw cycles						
Guarantee	12 months from date of despatch						
Acknowledgements	PrecisionAb is a trademark of Bio-Rad Laboratories.						
Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/VPA00266 Antibody (10040)						
Regulatory	For research purposes only
