

## Datasheet: VPA00287

<b>Description:</b>	RABBIT ANTI PDGF-C
<b>Specificity:</b>	PDGF-C
<b>Format:</b>	Purified
<b>Product Type:</b>	PrecisionAb Polyclonal
<b>Isotype:</b>	Polyclonal IgG
<b>Quantity:</b>	100 µl

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			1/1000

**The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click [here](#) to learn how we validate our PrecisionAb range.** Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

<b>Target Species</b>	Human
<b>Product Form</b>	Ig fraction - liquid
<b>Preparation</b>	Rabbit Ig fraction prepared by ammonium sulphate precipitation.
<b>Buffer Solution</b>	Phosphate buffered saline.
<b>Preservative Stabilisers</b>	0.09% Sodium Azide (NaN <sub>3</sub> ).
<b>Immunogen</b>	KLH-conjugated synthetic peptide corresponding to aa 74-103 of human PDGF-C
<b>External Database Links</b>	<p><b>UniProt:</b></p> <p><a href="#">Q9NRA1</a>   <a href="#">Related reagents</a></p> <p><b>Entrez Gene:</b></p> <p><a href="#">56034</a>   PDGFC   <a href="#">Related reagents</a></p>

<b>Synonyms</b>	SCDGF
<b>Specificity</b>	<p><b>Rabbit anti Human PDGF-C antibody</b> recognizes platelet derived growth factor C (PDGF-C), also known as VEGF-E, secretory growth factor-like protein and spinal cord-derived growth factor.</p> <p>PDGF-C is a member of the platelet-derived growth factor family. The four members of this family are mitogenic factors for cells of mesenchymal origin and are characterized by a core motif of eight cysteines. PDGF-C appears to form only homodimers. It differs from the platelet-derived growth factor alpha and beta polypeptides in having an unusual N-terminal domain, the CUB domain. Alternatively spliced transcript variants have been found for PDGFC (provided by RefSeq, Sep 2010).</p> <p>Rabbit anti Human PDGF-C antibody detects a band of 45 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.</p>
<b>Western Blotting</b>	Anti PDGF-C detects a band of approximately 45 kDa in MCF7 cell lysate.
<b>Storage</b>	Store undiluted at -20°C, avoiding repeated freeze thaw cycles.
<b>Guarantee</b>	12 months from date of despatch.
<b>Acknowledgements</b>	PrecisionAb is a trademark of Bio-Rad Laboratories.
<b>Health And Safety Information</b>	Material Safety Datasheet documentation #10040 available at: <a href="https://www.bio-rad-antibodies.com/SDS/VPA00287">https://www.bio-rad-antibodies.com/SDS/VPA00287</a> Antibody (10040)
<b>Regulatory</b>	For research purposes only.
