

## Datasheet: VPA00328

Description:	RABBIT ANTI PPP2R2A
Specificity:	PPP2R2A
Other names:	Serine/threonine-protein phosphatase 2A 55 kDa regulatory subunit B alpha isoform
Format:	Purified
Product Type:	PrecisionAb Polyclonal
lsotype:	Polyclonal IgG
Quantity:	100 µl

## **Product Details**

Applications	This product has been reported to work in the following applications. This information is							
	derived from testing within our laboratories, peer-reviewed publications or personal							
	communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <u>www.bio-</u>							
	rad-antibodies.com/protocols.							
		Yes	No	Not Determined	Suggested Dilution			
	Western Blotting	-			1/1000			
	The PrecisionAb label is reserved for antibodies that meet the defined performance							
	criteria within Bio-Rad's ongoing antibody validation programme. Click <u>here</u> to learn							
	how we validate our Pi	recisionA	b range.	Where this product ha	s not been tested for			
	use in a particular techn	ique this d	loes not n	ecessarily exclude its	use in such procedures.			
	Further optimization may	y be requi	red deper	ident on sample type.				
Target Species	Human							
Species Cross	Reacts with: Mouse							
Reactivity	N.B. Antibody reactivity and working conditions may vary between species. Cross							
	reactivity is derived from	testing w	ithin our la	aboratories, peer-revie	wed publications or			
	personal communicatior	ns from the	e originato	ors. Please refer to refe	erences indicated for			
	further information.							
Product Form	Purified IgG - liquid							
Preparation	Rabbit polyclonal antibo	dy purified	l by affinit	y chromatography.				
Buffer Solution	Phosphate buffered sali	ne.						
Preservative Stabilisers	0.09% Sodium Azide (N	aN <sub>3</sub> ).

Specificity	<b>Rabbit anti Human PPP2R2A antibody</b> recognizes PPP2R2A, also known as protein phosphatase 2 (formerly 2A), regulatory subunit B (PR52) alpha isoform, 55 kDa regulatory subunit B, alpha isoform and serine/threonine-protein phosphatase 2A.				
	The product of the PPP2R2A gene belongs to the phosphatase 2 regulatory subunit B family. Protein phosphatase 2 is one of the four major Ser/Thr phosphatases, and it is implicated in the negative control of cell growth and division. It consists of a common heteromeric core enzyme, which is composed of a catalytic subunit and a constant regulatory subunit, which associates with a variety of regulatory subunits. The B regulatory subunit might modulate substrate selectivity and catalytic activity. The PPP2R2A gene encodes an alpha isoform of the regulatory subunit B55 subfamily. Alternatively spliced transcript variants have been described (provided by RefSeq, Apr 2010).				
	Rabbit anti Human PPP2R2A antibody detects a band of 52 kDa. The antibody has been				
	extensively validated for western blotting using whole cell lysates.				
Western Blotting	Anti PPP2R2A detects a band of approximately 52 kDa in HeLa cell lysate.				
Storage	Store undiluted at -20°C, avoiding repeated freeze thaw cycles.				
Guarantee	12 months from date of despatch.				
Acknowledgements	PrecisionAb is a trademark of Bio-Rad Laboratories				
Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/VPA00328 Antibody (10040)				
Regulatory	For research purposes only.
