

Datasheet: VPA00414

BATCH NUMBER 160411

Description:	RABBIT ANTI TAF15	
Specificity:	TAF15	
Format:	Purified	
Product Type:	PrecisionAb Polyclonal	
Isotype:	Polyclonal IgG	
Quantity:	100 µl	

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	•			1/1000

The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click here to learn how we validate our PrecisionAb range. Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

Target Species	Human	
Product Form	Purified IgG - liquid	
Preparation	Rabbit polyclonal antibody purified by affinity chromatography on Protein A	
Buffer Solution	Phosphate buffered saline	
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃) 2% Sucrose	
Immunogen	Synthetic peptide corresponding to the N-terminal region of human TAF15	
External Database Links	UniProt: Q92804 Related reagents	

Entrez Gene:

8148 TAF15 Related reagents

Synonyms	RBP56, TAF2N
Specificity	Rabbit anti Human TAF15 antibody recognizes TAF15, also known as TATA-box binding protein associated factor 15, RBP56/CSMF fusion and Npl3.
	The TAF15 gene encodes a member of the TET family of RNA-binding proteins. The encoded protein plays a role in RNA polymerase II gene transcription as a component of a distinct subset of multi-subunit transcription initiation factor TFIID complexes. Translocations involving TAF15 play a role in acute leukemia and extra-skeletal myxoid chondrosarcoma, and mutations in TAF15 may play a role in amyotrophic lateral sclerosis. Alternatively spliced transcript variants encoding multiple isoforms have been observed for TAF15 (provided by RefSeq, May 2012).
	Rabbit anti Human TAF15 antibody detects a band of 83 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.
Western Blotting	Anti TAF15 detects a band of approximately 83 kDa in Jurkat cell lysate
Storage	Store undiluted at -20°C, avoiding repeated freeze thaw cycles
Guarantee	12 months from date of despatch
Acknowledgements	PrecisionAb is a trademark of Bio-Rad Laboratories
Health And Safety Information	Material Safety Datasheet documentation #10045 available at: https://www.bio-rad-antibodies.com/SDS/VPA00414 Antibody (10045)
Regulatory	For research purposes only
