

Datasheet: VPA00848

Description:	RABBIT ANTI DREBRIN 1
Specificity:	DREBRIN 1
Format:	Purified
Product Type:	PrecisionAb Polyclonal
Isotype:	Polyclonal IgG
Quantity:	100 µl

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			1/1000

The PrecisionAb label is reserved for antibodies that meet the defined performance criteria within Bio-Rad's ongoing antibody validation programme. Click [here](#) to learn how we validate our PrecisionAb range. Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependent on sample type.

Target Species	Human
Product Form	Purified IgG - liquid
Preparation	Rabbit polyclonal antibody purified by affinity chromatography on immunogen
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide
Immunogen	KLH conjugated synthetic peptide corresponding to amino acids 1-28 of human drebrin 1
External Database Links	UniProt: Q16643 Related reagents Entrez Gene:

Synonyms	D0S117E
-----------------	---------

Specificity	<p>Rabbit anti Human drebrin 1 antibody recognizes drebrin 1, also known as developmentally-regulated brain protein-drebrin, drebrin E, DBN1 and drebrin E2.</p> <p>The protein encoded by DBN1 is a cytoplasmic actin-binding protein thought to play a role in the process of neuronal growth. It is a member of the drebrin family of proteins that are developmentally regulated in the brain. A decrease in the amount of this protein in the brain has been implicated as a possible contributing factor in the pathogenesis of memory disturbance in Alzheimer's disease. At least two alternative splice variants encoding different protein isoforms have been described for DBN1 (provided by RefSeq, Jul 2008).</p> <p>Rabbit anti Human drebrin 1 antibody detects bands of 110-132 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.</p>
--------------------	--

Western Blotting	Anti drebrin 1 antibody recognizes a band of approximately 110-132 kDa in SH-SY5Y cell lysates
-------------------------	--

Storage	Store undiluted at -20°C, avoiding repeated freeze thaw cycles
----------------	--

Guarantee	12 months from date of despatch
------------------	---------------------------------

Acknowledgements	PrecisionAb is a trademark of Bio-Rad Laboratories
-------------------------	--

Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/VPA00848 Antibody (10040)
--------------------------------------	--

Regulatory	For research purposes only
-------------------	----------------------------
